

CONCERNING FELLOWSHIP APPLICATIONS

The Mike Walsh Fellowships are awarded by interview; not all Fellowships and Scholarships are. Mr Walsh chairs the interviewing panel. As he is resident mainly in London, the date is usually not determined until the new financial year; and because it is important that each year the Application Form give the date of interview, the website does not post the current Application Form and associated material much before August. The previous year's Form and material may, however, be regarded as a good indication of what to expect.

Applications should not be submitted until a fortnight or so before the closing date.
